CONSTRUCTION HARDWARE

Essential metallic hardware for structural support, mounting, installation, and finishing work.

CONSTRUCTION HARDWARE

Construction hardware supports the connections, movement, mounting, reinforcement, and finishing details found throughout residential, commercial, industrial, and maintenance projects. Sigma Traders USA organizes quote-based sourcing across metallic hardware families used by contractors, facilities teams, retailers, and other qualified business buyers. Requirements can vary significantly by dimensions, gauge, material, finish, load, mounting pattern, and intended environment. Quotations are therefore prepared using the buyer's product information and application requirements rather than broad visual similarity alone.

PRIMARY AUDIENCES	ADDITIONAL ELIGIBLE AUDIENCES
- Construction Contractors & Skilled Trades - Facilities, Maintenance & Commercial Buyers	Independent Hardware Retailers & Specialty Dealers

Also available for qualified business accounts, subject to product and channel eligibility. Selected construction-hardware products may be suitable for qualified ecommerce accounts on a case-by-case basis, depending on dimensions, packaging, shipping characteristics, documentation, and permitted sales channels.

CONSTRUCTION HARDWARE

Brackets and Corner Braces

Metal brackets, angle supports, reinforcement plates, and corner braces used for shelving, framing, furniture, cabinetry, installation, and general structural support.

Hinges and Door Hardware

Hinges, mounting components, and related door hardware used in construction, repair, cabinetry, commercial facilities, and finish applications.

Structural Connectors

Metal connectors used for framing, reinforcement, joining, bracing, and structural support. Product selection may depend on member dimensions, material, fastening pattern, coating, and application requirements.

PRODUCT FAMILIES

CONSTRUCTION HARDWARE

Mounting Plates

Plates and mounting components for fixtures, equipment, supports, signs, hardware systems, and general installation work.
