JBSITE ORGANIZATION & STORAGE

Storage, transport, and organization solutions for tools, hardware, components, and professional workspaces.

JOBSITE ORGANIZATION & STORAGE

Organized tools and components reduce unnecessary handling, product loss, and time spent locating essential items. Sigma Traders USA organizes sourcing across storage and organization families for retailers, ecommerce resellers, contractors, facilities teams, workshops, and commercial operations. The category includes portable, stackable, compartmented, and workstation-oriented products used to secure and arrange tools, fasteners, accessories, parts, and jobsite materials.

PRIMARY AUDIENCES	ADDITIONAL ELIGIBLE AUDIENCES
• Independent Hardware Retailers & Specialty Dealers • Qualified Ecommerce & Marketplace Resellers	• Construction Contractors & Skilled Trades • Facilities, Maintenance & Commercial Buyers

Also available for qualified business accounts, subject to product and channel eligibility.

JOBSITE ORGANIZATION & STORAGE

Small-Parts Organizers

Compartmented organizers for fasteners, fittings, accessories, electrical components, repair parts, and other small items. Requirements may include compartment count, removable dividers, lid design, material, and dimensions.

Stackable Storage Bins

Open-front, lidded, or modular bins for workshops, stockrooms, service vehicles, retail backrooms, and commercial facilities. Product selection may depend on size, load, stacking system, color, and label features.

Tool Cases and Carrying Systems

Portable cases, bags, boxes, and carrying systems for hand tools, accessories, instruments, and jobsite equipment. Requirements may include dimensions, internal configuration, wheels, handles, locking, and modular compatibility.
